COVID-19 POSTERS

Hey Vancouver, we hope everyone is staying safe out there! We at Bond have come together with some designs and want to donate signs throughout our community.

We understand most of you have been working from home and doing your part to stop the spread of COVID-19 but for those of you still up and running in office we wanted to provide you with some little reminders to flatten the curve. We will handle with care, sort out the logistics to wherever you are and get these to you safely and at a distance, of course!
